

Wine Tours

All Star Limousine caters to one of Southern California's most popular events - Temecula Wine Tours. Our professionally suited and experienced chauffeurs will take you to all the wineries or just a select few depending on your preference. Temecula Wine Tours are great for special occasions such as birthdays, corporate functions, bachelor or bachelorette parties, anniversaries, or just for the fun of it either as a large group of friends and/or family, or a romantic trip for two. Some of the wineries offer exquisite meal selections as well. So, sit back, relax, and enjoy your chauffeured ride of luxury and enjoy a culinary experience of pampering and relaxation. There's no better way to enjoy a Temecula Wine Tour than in the back of one of All Star's luxury chauffeured limousines or a luxury Sedan such as a Lincoln Town Car, Mercedes Benz, H2 Hummer, or our Excursion Conversion. Here, for your convenience, is a full list of all the wineries Temecula has to offer, so you can decide accordingly. This list will also provide you with which wineries offer facilities to host your special event, such as wedding or reception. For your convenience, we also have a list of lodging options in Temecula.

The winery is owned and operated by the Yakut Family; composed of Alex and Lise Yakut . We have been in the wine industry for about twenty years, mostly as growers of prime quality wine grapes, and we sold our grapes to wineries throughout California and beyond. Our 25-acre vineyard was established by land developers in the 1960s to demonstrate the Temecula Valley area's wine grape growing capability to potential land purchasers. It was planted to Johannisberg Riesling, Sauvignon Blanc and Cabernet Sauvignon, varieties found to excel in this coastal valley. We feature wine made from these grapes as Old Vine wines. We planted other varietals later, including Syrah, Viognier and Muscat Canelli. They are produced in our own vineyard, and we are of the opinion that they are truly exquisite. Alex's Red Barn Winery also features a rare Solera system that produces excellent Sherry wines in the tradition of historical Spanish sherry producers of Jerez de la Frontiera.

It is our philosophy that great wines start with the cultivation of the grapes. We exercise the ultimate care in the growing of our grapes, which we then process with great attention to detail in our effort to make the best wines the area has to offer.

We currently produce about 1200 cases annually. The public is welcome to taste our wines at the winery from 10 a.m. to 5 p.m., weekends and holidays. Tasting fee includes four wines and a souvenir glass. We have a beautiful tasting room, a Solera and charming patio area for picnics and special events.

Baily Vineyard & Winery

Baily Vineyard & Winery was established in 1986 by Phil and Carol Baily with the goal of producing a very small quantity of excellent wine from their own grapes to be sold primarily out of the winery.

Since then, Baily wines have won gold medals at all of the major wine competitions in the state, including the California State Fair, the Los Angeles County Fair, the San Francisco Fair, Orange County Fair, and the San Francisco Wine Competition.

The Bailys believe that good wine tastes better with food and food tastes better with wine. In this spirit, they, along with their sons Chris and Pat, opened Baily Wine Country Cafe in 1992 (now owned by Chris and his wife Kim), and most recently Carol's Restaurant at the new wine tasting facility. Also available at the tasting room is a nice selection of wine and cooking related gifts.

In early 2002 the Bailys completed an 8000 square feet state-of-the-art winemaking facility which houses 50,000 gallons of wine tanks, several hundred barrels, case goods, and a bottling line. This facility allows the Bailys to control all aspects of their winemaking, from grape to bottling. It is not open to the general public.

The Baily Winery Tasting Room, gift shop, and Carol's Restaurant are at 33440 La Serena Way (corner of Rancho California Road) in Temecula. The phone numbers are Winery (951) 676-9463, Carol's Restaurant (951) 676-9243.

History: The sleepy little town of Temecula seemed the perfect place to buy some land for a future retirement home. So in 1967 Vincenzo Cilurzo, an ABC-TV Emmy Award winning Lighting Director, and his wife Audrey purchased a 100 acre parcel. A weather study indicated the same climate as the mid-Napa area. In 1968 the CilurzOs planted the first commercial vineyard in Temecula, 40 acres of premium Petite Sirah and Chenin Blanc.

Ten years later, the Cilurzo Winery was established, producing only premium red wines during the first three years. *The Cilurzo's retired in April 2004*. The winery is now owned by Imre and Gizella Cziraki and is undergoing extensive renovations. The winery's new name is Bella Vista Cilurzo Vineyard & Winery.

2000 medals include double gold for the 1998 Petite Sirah Reserve and the 2000 Viognier at California State Fair Wine Competition both scoring 98/100 points. The 2000 Late Harvest Petite Sirah was awarded gold at the 2001 Jerry Mead International Wine Competition. Many other wines are also medal winners.

Visitors are welcomed daily from 10 a.m. to 5:00 p.m. to the Tasting Room and Gift Shop. There is a \$6 tasting charge for 5 wines, which includes a souvenir glass. Group winery tours are available by calling 951-676-5250 for a reservation.

Other amenities include a shaded picnic area on a small lake at the top of the hill for winery guests with a spectacular view overlooking the Temecula Valley Wine Country and the surrounding mountains.

They have recently updated their website and can now accept online orders from their secure site. Lots of history and information is available as well as a complete listing with descriptions of their wines. Simply go to www.cilurzowine.com. You may also email your questions to them directly at

Callaway Vineyard & Winery

Located in the heart of the Temecula Valley, Callaway Vineyard and Winery is home to the Callaway Coastal line of premium wines. Carefully crafted by our winemaking team, Callaway Coastal wines are well balanced, with fresh fruit flavor, round body and crisp character, making them a perfect complement to today's lighter, more eclectic cuisine.

The fruit for Callaway Coastal wines is sourced primarily from vineyards in the South and Central Coasts of California. These regions benefit from their proximity to the cooling influence of the Pacific Ocean, which allows a long, even and mild growing season. Fermenting at lower than usual temperatures

causes longer and slower processing of the fruit, thus preserving and enhancing the crisp, fruit flavor of the grapes. Callaway Coastal wines consistently win critical acclaim at both domestic and international wine competitions-over 100 awards in each of the past three years. Callaway Vineyard and Winery remains the region's leading producer of some of America's favorite wines. Join us, as well as our neighboring wineries, on your visit to Temecula Valley Wine Country.

Filsinger Vineyards & Winery

It was a natural for Katharine and William Filsinger to follow in the footsteps of Bill's family owned winery in Germany. Kathy and Bill began by purchasing 35 acres of vineyards in the Temecula Valley in 1978 and as the grapes thrived, they started their own winery 2 years later. Their youngest son, Eric W. Filsinger, came on board 8 years ago as cellar master in 1990 and in 1992 was promoted to assistant winemaker.

Filsinger Vineyards & Winery is currently producing about 7000 cases of wine annually, with a goal of 10,000. With Bill as the winemaker, present production includes seven different varietal wines. They also produce several different types of champagnes. The Filsingers grow 90 percent of their own grapes and buy 10 percent from local growers. Bill considers his Cabernet Sauvignon and Gewurztraminer his top wines. Filsinger champagnes are fabulous and should not be over-looked.

Visitors may sample Filsinger wines in the tasting room from Friday 11-4 and 10 a.m. to 5 p.m. on Saturday and Sunday. Weekdays by appointment. There is a small tasting charge. A picnic area and a small selection of snacks are available. Tours of the winery are by appointment only.

The winery offers indoor and outside meeting facilities for up to 40 persons and picnic area.

Hart Winery began in 1973 when the Hart family purchased 12 acres, with a planting of the first acreage in 1974. Additional acreage was planted over the next few years, and the winery was built in 1980, with a small initial crush that year. The acreage under vines is now 11, planted to Syrah, Viognier, Sauvignon Blanc, Barbera, Cabernet Franc, and Merlot, all in full production.

Additional grapes are purchased from other vineyards in the Temecula Valley, and from old-vine vineyards in the historic Cucamonga Valley, where the warmer climate is especially suited to Mediterranean varietals, including Grenache, Mourvedre and Zinfandel.

Wines currently produced, some in very limited quantities, include Viognier, Fume' Blanc, and dry Grenache Rose'. The reds are Syrah, Merlot, Zinfandel, Barbera, Cabernet Franc, Tempranillo, Sangiovese and a southern Rhone type blend from Grenache and Syrah grapes. Additionally, an extremely limited release of a fortified dessert style wine is made from the rare Italian Aleatico grape.

Annual production is presently at the 6, 000 case level. The public is welcome to taste Hart wines at the winery, daily from 9 a.m. to 4:30 p.m. Tasting fee includes a souvenir glass. Picnic facilities are limited. Food is not currently available for sale at the winery. The winery also actively participates in public events staged by the Temecula Valley Winegrowers Association.

The word Leonesse, meaning "village of dreams," is the inspiration behind our lifelong quest to create world class wines from the finest vineyards in the Temecula Valley. Nestled in the rolling hills and vineyards of Temecula's wine country, Leonesse Cellars offers a warm, enchanting setting where visitors can enjoy great wines, spectacular views, and wonderful times with family and friends. Leonesse Cellars was founded in 2003 by Mike Rennie and Gary Winder, who together have nearly fifty years of agriculture and grape-growing experience in the Temecula Valley. Their combined experience has led to a true understanding of growing wine grapes of the highest quality, grapes which are concentrated, balanced, and ripe, ultimately producing wines of incredible depth and flavor.

Among the wines produced at Leonesse Cellars are Chardonnay, Merlot, Cabernet Sauvignon, Riesling, White Merlot, Muscat Canelli, and Cinsault Port, as well as small lots of other specially selected varietals. Each of our wines is carefully crafted to preserve the subtle flavors and nuances of the varietal. Our red wines, along with our Chardonnay, are aged for an extended period of time in a combination of small French and American oak barrels, adding softness and complexity to the wines, while our white wines are fermented slowly at cool temperatures, helping the wines to retain the fresh fruit flavors of the grape.

We invite you to visit us and enjoy the charm and dramatic vineyard views our Tasting Room has to offer. Join us on a winery tour, or simply taste the wines which display our passion and commitment toward our craft. And, we encourage you to create lasting memories and inspiring dreams along the way ...

A large Victorian-Style Farmhouse, the Maurice Car'rie Vineyard & Winery is nestled amidst the rolling hills of the beautiful Temecula Valley. Established among the first vineyards planted in the region in 1968, Maurice Car'rie is known in the Temecula Valley as one of the most inviting and warm Wine Country atmospheres. Guests are invited to a Complimentary Wine Tasting of our award-winning fine wines while shopping for fabulous gift merchandise. Friends and family can also enjoy snacking on our Famous Baked Brie in Sourdough Bread with a bottle of wine on our lovely picnic grounds. Maurice Car'rie Winery is truly the atmosphere for a pleasurable wine experience.

The winery was founded by Budd and Maurice C. Van Roekel in 1986. Today, the lovely winery is run by new owners Buddy, Cheri and Julie Linn. The Linn Family plans to build on the winery's success while continuing production on the varietals that have garnered Maurice Car'rie's numerous awards—the sweet and fruity varieties of Chenin Blanc and Riesling, along with the traditional greats of Chardonnay and Merlot.

The Linn's are also pleased to introduce a new and exciting Pineapple-Flavored Champagne and the popular Pinot Noir. The Linn's, along with veteran Winemaker Gus Vizgirda, are focusing on wines that are ready to drink at a fairly early age. They handcraft 14 varietals that have received hundreds of awards and accolades in a long list of competitions.

The winery is also pleased to open its doors to food and wine aficionados at The Plantation House, a new restaurant in the Wine Country serving a blend

Miramonte Winery

One of the newest wineries in Temecula, Miramonte Winery has already made a clear name for itself with its wonderful ambience, impressive wine program and one of the most stunning views in the valley.

"We believe the enjoyment of wine should be a rich and lasting experience," says Cane Vanderhoof, espousing the winery's philosophy. "So, our tasting room

Book your limo now at: www.all-star.tv

is beautiful, our wines are handcrafted, our view is stunning, and our staff is warm-hearted, knowledgeable and real. For us, the experience begins with our wonderful wines --- and extends well beyond."

With an annual production of about 5000 cases, Miramonte is the definition of a family run, boutique winery. In fact, most of its wines are produced in quantities of 1000 or less cases. Additionally, the wine program is beginning to place a clear focus on Rhone varietals. "Over the coming years we'll see some fantastic Rhone programs coming out of this valley," says Vanderhoof. "We'd like to be a clear leader in that movement."

Accordingly, in the spring of 2002 the estate vineyard was replanted almost entirely to Syrah. The winery will produce an ultra premium estate wine that competes with some of the best wines in the world.

Regularly hosting such special events as Cinema Classics, Flamenco Fridays and Tasting Classes at Miramonte, the winery is well on its way to establishing a unique identity for itself. "Fantastic wines and a full, rich and unique experience," he says. "This is what people have come to expect from us. And we wouldn't have it any other way."

Mount Palomar Winery

Mount Palomar Winery is a leader in the making of fine Mediterranean style wines and a popular visitor destination for wine lovers. The winery grows most of the grapes for its wines on the 173 acre estate which includes 92 acres of vineyards, concert and picnic grounds, plus the winery and visitor's center.

The first vineyards were established in 1969 by founder John Poole. Today, the winery is run by John's son Peter Poole, making it the first winery in the Temecula region to operate under second generation leadership. Peter believes that is significant since he has been able to apply the lessons learned from his experience during the early days in the region.

The most significant change has been the winery's move to the production of Italian wine varieties, bottled under its Castelletto label. The world's best wineries are founded on the premise of growing the right grape varieties for their particular location, climate and soils. Poole felt that Temecula's Mediterranean climate and granitic soils were being ignored in the choice of grape varieties being grown. With the introduction of the Italian variety Sangiovese into the vineyards in 1989, Mount Palomar established itself as the founder of this direction in the region, and as an early leader in this trend in California. By 1997, Mount Palomar had established a quality position with these wines, winning two Best of Show awards in major wine competitions, plus numerous Best of Class and Gold Medal distinctions.

The *Mount Palomar* brand is used for the winery's traditional popular varieties and blends. The Mediterranean wines are the focus of the *Castelletto* brand for Sangiovese, Cortese, Trovato and Moscato Fior d'Arancio.

Etienne Cowper, Mount Palomar's highly respected enologist, is a former protégé of Jed Steele and the legendary Andre Tchelistcheff. His approach is to create specialized small lots of wine using a variety of techniques. His wines are well balanced and harmonious.

Palumbo Family Vineyards is committed to small lot, hand-crafted wines from varieties that are grown on the property.

Nicholas Palumbo, passionate Viticulturist and budding Enologist, believes in producing only what he grows himself. The unique terroir of his 12-acre vineyard provides perfect conditions for Merlot, Cabernet Sauvignon, and Cabernet Franc varietals.

“Our wines get their depth and character from their small-scale production. Every step of the growing process is closely monitored. I know what goes into every grape, crush the wine myself, and pour my soul into every sip.”

Most of the estate grapes are over 10 years old, and are in high demand from local winemakers. In 1998, Nicholas Palumbo purchased 7 planted acres and a home nestled in the hills of Temecula Valley Wine Country. Soon after, he purchased an additional 5 acres, planting Cabernet Sauvignon grapes on the day his daughter Sophia was born. This 5-acre site is now known as Sophia’s Vineyard.

Specializing in reds, 2000 estate-grown offerings include a lively, fruity, Cabernet Franc and a Bordeaux-style blend, Tre Fratelli. Palumbo Family Vineyards is an unpretentious, boutique winery, with annual production of approximately 1500 cases.

Already an excellent grower and winemaker, Nicholas is also a professional chef and loves to wine and dine. Small, intimate gatherings and tastings at the winery are welcomed by appointment; winemaker dinners can be organized for two to ten individuals.

Ponte Family Estate

The Ponte Family Estate is located in the heart of the Temecula Valley Wine Country. Conceived and built by Ponte brothers Roberto and Claudio - grape growers in Temecula since 1984 - the facility caters to each visitor with a large tasting room, fine food, ample parking, and other amenities designed to enhance the quality of your visit. Destined to be a landmark, the winery crafts inviting wines, which delight the palates of wine lovers and newcomers alike.

The winery, nestled among 350 acres of the Temecula Valley Vineyards, offers a charming and comfortably sophisticated atmosphere. It is the perfect setting for enjoying a beautiful day in the Temecula Wine Country, host a private party or wedding, or just sample our wine.

From the open-beam ceilings in the tasting room "barn" and the restored mission serving as a cellar and barrel room, to the beautifully landscaped gardens where you can enjoy the breathtaking views of the Ponte Family vineyards and mountains, every detail is designed to enhance your experience. Leisurely shop our Marketplace, home to a unique selection of specialty foods and gift items. Or sit on the veranda outside The Smokehouse Cafe, and enjoy a bottle of our wine with a tasty country dish.

"We like to use our food to complement our wines, and vice versa. When you add good friends, great atmosphere, and terrific wines, you are guaranteed a most pleasurable day!" ~ Claudio Ponte

We classify our wines according to taste. You don't have to worry about the sugar content at harvest, the climate conditions or the make-up of the soil, because we do. You only need to enjoy what you're tasting.

Wine Rule #1: If you like it, it's good wine.

Most of the 30-year old vines on the property produce Cabernet, Merlot and Chardonnay. However, we also farm Zinfandel, Sangiovese, Chenin Blanc and Muscat. The rich soil of our land gives the grapes a fruity and delicate flavor, which means our wines are enjoyable to drink.

Enjoy your day in the country with casual dining on the patios adjacent to the vineyards. The SMOKEHOUSE Restaurant at Ponte Winery blends the influences of the local vineyards and farmers' markets with the tastes of the Ponte wines. Highlighted by a wood-burning pizza oven preparing signature California pizzas, country-inspired sandwiches, wonderful salads, Ponte wine by the glass, and micro-brew draft beer.

man. As South Coast Winery's winegrower and proprietor, Jim Carter's approach to growing the best grapes in Southern California honors this union, alongside his hiring award-winning winemaking team Jon McPherson & Javier Flores. Therein lies the success.

"There is a place on earth where each of the grapes are grown to produce today's wine.

Our place on earth -the valley of Wild Horse Peak -- is the best." states Carter. His vineyards, located on the eastern side of Mount Palomar, are set in the native terrain of Southern California which offers invigoratingly beautiful scenery. The nearby Temecula Valley offers daytime heat and nighttime cold, an ideal agricultural setting for winegrowing but after tasting his first harvest, Carter realized his mountain vineyard had something extra—more sunshine. It is this extra gift from Mother Nature that produces South Coast's exceptional grapes. Not planted in the more common California sprawl, Carter's vineyards are planted in 3'6" heights, allowing the extra sunshine to meet and make great each cluster of grapes.

Rooted in this celebration of sun and soil, Carter built an exceptional winery within a picturesque vineyard setting in the heart of Temecula's beautiful wine country. Offering fine wine from the South Coast Appellation of Southern California along with estate vineyard wines, South Coast's wine will be made the way 'people want to drink it' - splendid, enticing and impressive. Master Winemaker Jon McPherson has been making Carter's wine for the last two years and he, alongside Winemaker Javier Flores, believes the combination of winegrower and winemaker will bring without doubt many award-winning wines.

Devoted to the good life of wine country, South Coast Winery Resort & Spa offers enticing dining, luxurious cottages, tasting room, spa & gifts divine complemented by picturesque settings, welcoming décor & of course, exceptional wine.

Stuart Cellars

Stuart Cellars, owned and operated by Marshall and Susan Stuart, is at its highest point, 1,420 feet above the Temecula Valley floor. The view is most impressive. This 360 degree view boasts a perfect setting for casual picnics and weekend entertainment. The tasting room, decorated in the classic Mediterranean-style architecture, transports you to an entirely different place and time.

With the intent to have the most exceptional red wine in the Temecula Valley, Stuart Cellars has a high criterion for quality fruit and searches for the highest standards of cultivation from growers in the Temecula Valley. All of the premium wines at Stuart Cellars have been aged in French Oak for no less than fourteen months to achieve optimum characteristics. Among the varietals produced are Chardonnay, Viognier (which is Marshall's favorite varietals to produce), Callista - a white Meritage blend, Tatria - a red Meritage blend and a Vintage Zinfandel Port.

This festive Holiday wine was created as a special treat for the Holidays! The soft texture gives abundant fruit flavors of amaranth, raspberry and red raspberry with just a touch of tartness for structure. To achieve the beautiful Holiday color, the White Merlot was harvested three weeks prior to our Estate Merlot and the skins of the grape were only in contact for a short period of time before the crush. \$18.00 Wine Club: \$14.40

2004 Riesling

Marshal's first ever Riesling takes on an elegant style of its own. This impressive wine is light yet not too sweet, with penetrating flavors of peach, apricot, rose apple and tropical guava that stays bright and lively with a nice dry finish. \$16.00 Wine Club: \$12.80

Thornton Winery

Thornton Winery, the gateway to Southern California's Temecula Valley Wine Country, understands the formula for creating a premier winery that satisfies wine enthusiasts who are looking for award-winning wine, gourmet cuisine, live music, and beautiful grounds for wedding and banquet facilities. Owners, John M, Sally B. and Steve Thornton's philosophy has been recognized as Thornton Winery garners more medals than any other sparkling winery in major competitions throughout the United States.

Thornton Winery's tradition began in 1988, utilizing the Methode Champenoise process to create seven complex and interesting sparkling wine varietals. With the introduction of their premium varietal wines in 1993, these very unique wines emulate classic wine styles of the Mediterranean and Rhone regions, having won numerous awards including their recent Double Gold award for the 2000 Cote Red from the International Eastern Wine Competition.

Thornton Winemaker Don Reha favors producing wine that is exciting for its freshness, bursting with flavor and showcasing the distinct characteristics of the varietals included in the blend. Reha achieves this by using whole cluster pressing, extensive blending, barrel aging and different vinification techniques. His philosophy on producing premium varietal wines is centered on having a distinct varietal expression for each wine. By producing no two varietals in the same manner or style, each wine is unique in signature notes and aromas.

At Thornton Winery, every step of production throughout the winemaking process is tailor made to exact the quality and uniqueness of the specific wine. "I am a very hands-on winemaker and let my senses make more decisions than numbers from the lab. Winemaking shouldn't be a recipe book procedure, as each variety, vineyard and vintage are different. I like people to enjoy and appreciate the wines for the characteristics of the variety, " said Reha.

Located on 20-acres, Thornton Winery's old world charm and grace are most apparent. The winery, an elegant French-style chateau overlooking the graceful vineyards of the Temecula Valley, highlights Cafe Champagne, their annual Champagne Jazz Series, a breathtaking fountain terrace, herb gardens, gift shop, and the Champagne Lounge. Thornton Winery's beautiful French Mediterranean style winery sets that special backdrop for any event.

novice and experienced wine drinker alike will enjoy traditional greats like Chardonnay and Zinfandel, a flirty Raspberry Flavored Champagne, and unique and distinguished varietals such as a Gold and Silver Medal-winning Grenache and a multi-Gold Medal-winning Gewurztraminer that earned Best in State and Best White Wine of Competition. Picnic grounds overlook beautiful vineyards where guests are invited to enjoy gourmet cheeses and a selection of deli items and wine.

Van Roekel Vineyards was founded in 1994 by Bud and Maurice Van Roekel as an addition to the successful wine business they created with Maurice Car'rie Winery. Today the winery is run by the Linn Family. Both Maurice Car'rie and VR / LA Cereza Wineries have their own identity, label and varietal wine list but share the same viticulturist and winemaker as well as crushing and fermentation facilities. Winemaker Gus Vizgirda produces premium boutique wines in smaller quantities at VR/ La Cereza.

Wilson Creek Winery & Vineyard

On the winery grounds, a bridge spans a meandering stream, dubbed "Wilson Creek" by the family. A large grassy area is near the stream, and flower gardens abound. A 25-foot gazebo overlooks the stream and has a large lawn for seating at weddings and concerts. Nearby is a vine-covered picnic area, where you may enjoy your picnic lunch with a bottle of Wilson Creek wine. The myriad of birds and humming birds will entertain you while you soak up the peacefulness of the gardens.

Following their retirements, Gerry and Rosie Wilson bought a 20-acre vineyard planted in 1969. The vineyard was planted in Chardonnay, Cabernet Sauvignon, Zinfandel and Pinot St. George. They built a 5400-square foot tasting room and winery and a house on top of the hill, overlooking the winery. Their family soon joined them and also moved to Temecula. Son Bill supervised construction of the building and manages the winery. His wife Jennifer is the wedding consultant. Daughter Libby manages the tasting room, and her husband John helps with sales. Son Mick coordinates the winery's public relation efforts. Truly, Wilson Creek is a family project.
